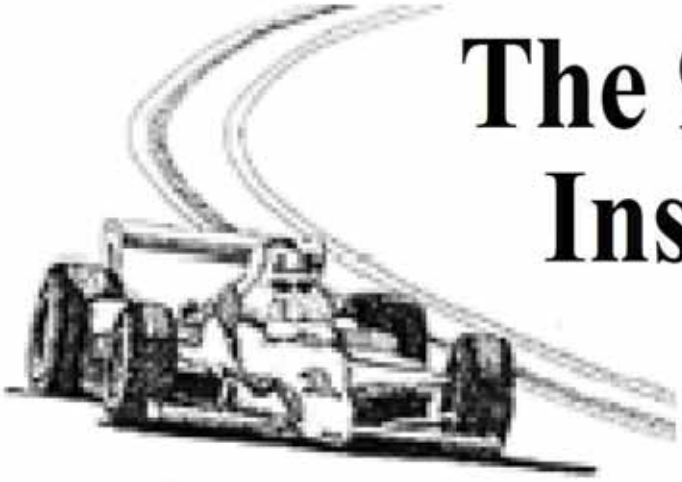
DC HOME - WWW.DCHOME1.COM



The 90 Min. Inspection is here!

You Asked For It, We Delivered...

No more wasting valuable time of 3, 4 and sometimes more than 5 hours at a home inspection.

We still give the same great service and inspection reports we have for the past 18 years, but have streamlined our process.

Time is money, and we can save you both! We guarantee our inspection times at 90 minutes or less.

However, we are never in a rush to leave. If you or your clients need or want more time with the inspector, we are here for you.

Don't forget about our FREE Roof & Structural Certification and a Complete Mold Evaluation with every home inspection.
